

V. Mueller® and
Snowden-Pencer™
cardiovascular,
thoracic and
general open
instrumentation

Vital® needle holder

- Vital tungsten carbide inserts are designed to reduce needle rotation and securely bonded to each Vital needle holder - the teeth are precisely cut to mesh and hold the needle
- Available with three different jaw inserts to maximize gripping power for all suture sizes

		
2,500 teeth/in ²	3,600 teeth/in ²	Smooth
Large-size diamond-cut teeth for use with heavy needles and suture (4/0 and larger)	Medium-size diamond-cut teeth for use with fine suture (5/0 to 6/0)	Smooth tungsten carbide surface for reducing damage to delicate needles and suture (6/0 and finer)

Vital MAYO-HEGAR needle holder - SU16062

Snowden-Pencer™ brand Diamond-Jaw® needle holder

- Diamond-Jaw needle holders feature hard, sharp diamond-cut teeth in inserts of hardened tungsten carbide bonded to the jaw - the durable grip helps prevent rotation or slippage
- Available with five different jaws inserts, including 7,000 teeth/in² with extra-fine diamond-cut teeth for use with delicate suture and the Micro Diamond-Jaw, which offers carbide particles bonded to the jaw to create a textured surface for fine suture

				
2,500 teeth/in ²	4,000 teeth/in ²	7,000 teeth/in ²	Micro Diamond-Jaw	Smooth
Large-size diamond-cut teeth for use with heavy needles and suture (4/0 and larger)	Medium-size diamond-cut teeth for use with fine suture (3/0 to 6/0)	Extra-fine diamond-cut teeth for use with only delicate suture (5/0 to 8/0)	Carbide particles metallurgically bonded to jaw for a fine textured surface that helps atraumatically handle delicate suture (6/0 and finer)	Smooth tungsten carbide surface for reducing damage to delicate needles and suture (6/0 and finer)

Diamond-Jaw WEBSTER needle holder - 32-0405

V. Mueller® and Snowden-Pencer™ scissors

- V. Mueller brand Vital scissors with Stellite-coated edges are the workhorse of scissors. The Stellite coating is dense and corrosive-resistant, which can increase the life of the instrument.
- Snowden-Pencer Super Cut scissors are sharper than conventional stainless steel scissors because the tungsten carbide cutting blade is razor-edged. Designed to provide accurate forward cutting and outstanding control.
- Snowden-Pencer brand Diamond-Edges scissors feature high-quality tungsten carbide inserts that are diamond ground and honed to a precise edge for excellent cutting action.
- Snowden-Pencer brand Diamond-SerEdge scissors allow for a clean, precise cut of dense tissue - the Diamond-cut micro serrations on the lower blade help prevent tissue slippage.

V. Mueller® and Snowden-Pencer™ titanium instruments

Titanium instruments provide significant sensitivity when working with fine tissue and sutures. Titanium instruments are designed to be very light, strong, anti-magnetic, radiopaque and virtually non-corrosive.

Diamond-Edges METZENBAUM scissors - 32-0750

Titanium PAR needle holders, Micro Diamond-Jaw - 32-4414

V. Mueller® brand Vital® needle holders

V. Mueller brand Vital needle holders	
Part no.	Description
SU16060	Vital MAYO-HEGAR needle holder, 2,500 teeth/in ² , 6 ¼" (15.9cm)
SU16061	Vital MAYO-HEGAR needle holder, 2,500 teeth/in ² , 7 ½" (18.4cm)
SU16062	Vital MAYO-HEGAR needle holder, 2,500 teeth/in ² , 8" (20.3cm)
SU16005	Vital CRILE-WOOD needle holder, straight, 3,600 teeth/in ² , 6" (15.2cm)
CH2456	Vital CASTROVIEJO needle holder, straight, 3,600 teeth/in ² , 7 ¼" (18.4cm)
CH2422	Vital CRILE-WOOD needle holder, straight, 3,600 teeth/in ² , 7 ⅞" (18.1cm)
CH06330	Vital JACOBSON heavy-style needle holder, 3,600 teeth/in ² , 9" (23cm)
CH2520	Vital COOLEY-BAUMGARTEN wire twister, 3,600 teeth/in ² , 8" (20.3cm)
CH2424	Vital CRILE-WOOD needle holder, straight, 3,600 teeth/in ² , 8" (20.3cm)
CH2508	Vital RYDER needle holder, 3,600 teeth/in ² , 7" (17.8cm)
CH06340	Vital JACOBSON heavy-style needle holders, 3,600 teeth/in ² , 10" (25cm)
CH2435	Vital MAYO-HEGAR needle holder, 2,500 teeth/in ² , 11 ¾" (29.8cm)

Snowden-Pencer™ brand Diamond-Jaw® needle holders

Snowden-Pencer brand Diamond-Jaw needle holders	
Part no.	Description
32-0482	Diamond-Jaw CASTROVIEJO needle holder, round handle, 7,000 teeth/in ² , straight, 7" (17.8cm)
